Water and Sanitary Sewer Infrastructure Improvements Planned for Bayview Neighborhood

Work set to begin in October

Dear Valued Customer,

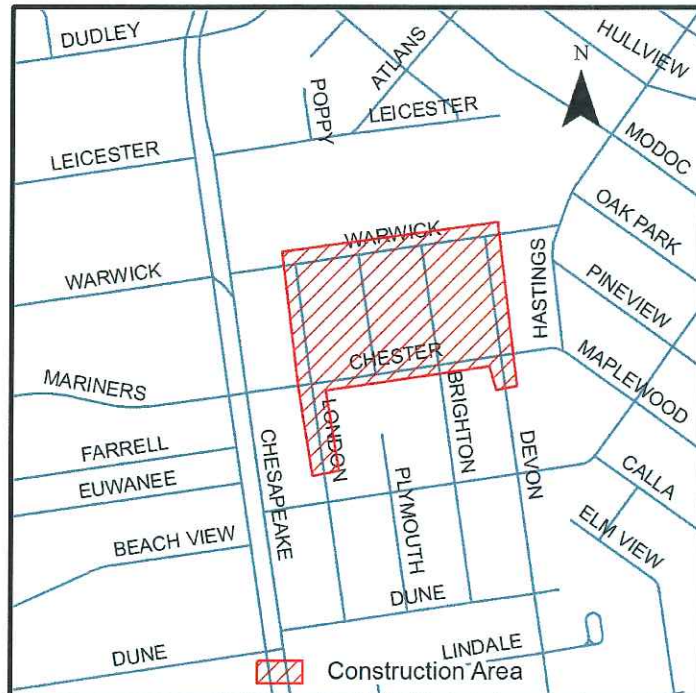

The City of Norfolk Department of Utilities is pleased to have scheduled a \$1.5 million infrastructure improvement project in your neighborhood. The project area (shown on the map to the right) will receive new sanitary sewer and water pipes and fully resurfaced streets.

The City's contractor, W.R. Hall, is planning to begin work in October and finish in the winter of 2015. Prior to construction you may also notice utility markings and survey work in the neighborhood.

The City and our contractor will do our best to minimize the unavoidable disruptions associated with the construction.

If you have any questions regarding this project, please do not hesitate to contact the City's on-site construction inspector, Rhonda Wyda. She can be reached by cell phone at 651-8433 to respond quickly. You may also contact the project manager, Rick Dempsey, at 664-6719.

The Department of Utilities looks forward to completing this project which will enhance your water and sanitary sewer for years to come.

Sincerely,

Kristen M. Lentz, P.E.
Director of Utilities
